

HaLaKa HaDeReK, ShPhaH HaDBR.... Walk the Walk, Talk the Talk

-  There is a “Plan”, and One who intended it to be, who made it so, and this is it.
-  Everything is built according to the Plan which is the Fractal Source Code which is actually the DNA type model of its author.
-  The Code sustains Life- to counter it attracts Death... but Life is recoverable.
-  Existence is constant “Now”... maintained by the proactive “Choice” to live.
-  Words are the tool for propagating generations- for generating a quickened consciousness.
-  Truth begets Life. Falsehood is counter to all progression and thwarts possibility.
-  Purity cohabits with Purity, creating synergy such that $3+3=6$, but yields 7.
-  The Declaration of pure words with pure intent, identify the pure essence... As synchronized gears of a differential... a lockset of aligned tumblers.
-  7 Phase Circuit : puzzle pieces fit together exactly are simply proof in one dimension... and yet another tool for use in the next environ.
-  Activation of the system is self-sustaining... as an energy shield dissipates adversity when in use.
-  Instructions are universally codified, encrypted into every atom, and every process of the Cosmos.
-  “What If...”. The code was lost ? The Cipher fractured ? The Resonance distorted ? The “Pure Tone” is the Plan- the DNA of the Hebrew ALEF-BEIT... kept safe and secure for posterity, and is accessed through repetitive diligent Study.
-  The Plan includes provision for an incubation phase of dormancy until environmental Conditions are hospitable for re-emergence.

⚡ Hopes and Pleas are worthless unless the environment of “agreement ACxD” is mutually engaged by both YHUH and YSRAL.

✋ Fail-Safe. Absolute. Structural Integrity. Genius of Engineering. It works every time. “Guaranteed”.

🌀 From every angle, every phase, every excuse, every consideration. Fool-proof. Self-correcting analytics.

☞ Not only Theory for intellectual regard, practical application for individual and communal use.

℞ Concept of beyond “Now” yields the consideration of “preparation”, scope, abstract assessment, and projection.

🔗 Promise of exponential amplification: “Trebuchet effect”.

🔗 The future phase after emergence from the dormancy is the objective: the production of yet another tool for use in the next environ yet forthcoming as promised.

W The “Tool” is conformed to the essence and purity of the Plan, according to the Code... and lives or dies, accordingly, forever.

✕ “Thus”. Such- is the Insignia, the “Wax Seal”, the Emperor’s Decree.

✂ His personal Blessing and Companionship is accessible via each of the 22 aspects... Individually, Collectively, and synergistically.
