

## THE FULL EXPLANATION OF THE MEANING OF THE HEBREW ALEF – BEIT

✂ ALEF ...The PLAN: the determined purpose: Instigator...The ONE, silently expressing itself through every other letter housed in "BEIT". First person setting the agenda, establishing the plumb line as "I AM" , "I WILL"...picture an ox plowing a line until it reaches the end of its course which is marked by "X" (TAV / TAW) . Like a bowling ball proceeding down the alley toward the pins...think of the “other side” of existence ...before time and space: Theme - Strategy - Concept - Idea - the Immaterial Thought. Calculated - Evaluated - Chosen amidst careful deliberation to be the...?...of What, Why, How, When, Where, Who...!! See a funnel, a vortex whirlpool spout, like a black hole in outer space, taking everything in ( considering all the possibilities...) and reducing it down ( choosing ) to one fixed intention decided to be "it" .

9 BET...BE IT. Made to exist. "Caused" to have material substance. "Cosmos" ... It is ALEF given form and place...Manifest...A "picture" is a representation of an idea in such an image - painted, vivid, graphic, so as to give a mental state of the thing described... Shaped like an embryo - sprout - tadpole...Picture: House - Into - Embody - In a Body - Abode - A Vehicle for use and function...Something to Enter...or not. A Container- a Place to put something - the Object of attention, Binary, two ... Not just one alone, but different, potentially adversarial: at odds with or together with: in agreement, accord. Requires definition in relationship to ALEF. The position of #2 sets up the demand to identify it's disposition- to identify its own self-ness in reference to another, the #1. BEIT is not autonomous. With- In - On - Among - Through - As - Against...Built- by the Author, Artist, Autocrat ALEF. The very notion of conceptualizing "ALEFness" as something in particular able to be considered is to put the true ALEF into a BEIT Aspect in order to behold it... Even the word "I" means " not you" , so is a BEIT concept.

7 GIMMEL...Camel. Boomerang - Mobility - " with a foot " - Traversing - Back and Forth - Sent One - Emissary - Ambassador - Messenger - Liaison - Conduit - Pipeline – Ladder the Path of Relationship between ALEF and BEIT. The Desire to relate. Emotion, unstable, not static, flexible, turnable, nexus, neck, differential, umbilical, attachment. The one giving to another... Via the GIMMEL...needs a via-duct to port at: mandates a concept of "at each end " ... "thus..." or "like..." as in " A versus B " Contact / Contrary, GIMMEL is Verb- Action inferring Intention which implies the dimension of Preference or Desire which is DALET, not just Being which is BEIT. On a Mission, and having something to Give - to Transmit, to Transfer. ....ALEF, being separated from BEIT ...BEIT's itself as GIMMEL ... GIMMEL's to

▽ DALET ...as a DALET ...to give to DALET ...the thing GIMMELED ... Which is the DALET of BEIT ... That is, the formulation or solution to the predicament, of how BEIT becomes one with ALEF again...with its own self ALEF ... It's lost ALEF ... thus restoring the breach of alienation against ALEF ...which was the necessary risk and cost of having self-identity and liberty... free from being part of ALEF as was the case before

the BEIT was first made to BE ....which was forsaken by BEIT for the sake of independence, birthing out of ALEF unity..... ... where it had been "ACxD" ( Echad ) (ONE - UNIFIED) ( As before becoming BEIT ) DALET...Door. Choose. Alternative...Hanging...a Suspended Thought...the ALEF Plan expressed as DALETness is Autonomous, Conscious Thinking. Freedom of Choice: ...Sentience... Self-will, Proactivity... Believe whatever you want to... ....Picture a Threshold - a Doorway - a Door- Transition - Transposition- the Place where you decide to stay or leave - in or out...are you For or Against : "us" or "them" : blending / breaking : EREV / BOQR...a Fork in the road, right or left...which side of the hourglass....Consider how a set of forces might push or pull matter one way or another in regard of temperature variances and viscosity and weight and size...Balance - Physics : the distinction of Difference in Dynamic Engagement...But - on the Other Hand - Choice means a conscious Preference is involved. "Self" as proactive, given (GIMMELed) right and privilege to alter a destiny by Intentionally Changing Direction. Divert the channel of flow. Time and Place - Earth - ARETz - Terra...4 seasons, 4 winds of direction, a place for Logical Pondering : Navigation / Measurement / Geometry ( HEI - GIMMEL - HEI ) (HAGAH)....spherical interplay of line - circle - triangle - square...Delta : Change : Where the river meets the sea, and is Depleted of itself....DALET is that subject , central matter which is GIMMELed ( moving, never at a fixed location, like quantum mechanic theory ) and then pointed to by HEY, Notice...it then becomes Staticized, Decided upon, Determined to be. One way or the other is fixed as an idea, a choice.

⚡ HEI...HEY ! LOOK! WATCH OUT! OVER HERE! HURRY! YOW!

Urgency - Identification - Indication... A Flashing Light grabs your attention - like arms raised and flailing about and yelling...Right Here. This One. This Way. The word "the". Specific. Isolation. In reference to a Particular compared to all other options one might have chosen from. A nagging Conscience - a still, small voice of suggestion. Advertisement - Enticement - Allure - Seduction - Coercion - Entrapment: Influencing a choice to be made by another individual at a DALET, in flux, flexible...("GIMMEL like This why don't you...") ...whisper...Like barometric pressure: unseen conditions causing "wind" by circumstance and opportunity to be rushed into by another. Open the window...Show me. Feminine. Persuasion, not compulsory...Appearance - Illumination- Communication - the exchange one to another...as a Breath...

Y UAW / VAV / WAW...take hold- tacky- sticky- stick it to the door with a tack- a Nail- a Hook- "Velcro"- an attachment device- a Hinge holding the door to the wall on one side, a lock set on the other side, a picture of EREV and BOQR ( evening and morning , a blending and a breaking apart : two means of bonding togetherness : finger-joint or butt-joint when building ). The Handle is the graspable part of a sword or a frying pan, the part designed and designated to hold onto without injury, to facilitate usefulness of an otherwise untouchable device. The useful object connecting one to another- a Bridge- "between"- BYN- Intermediary- Arbitrator, Interpreter, Counsellor, and Translator...a GIMMEL type- a morphing of form to accommodate contact like the handle formed out from the body of a pitcher for water, or the spout of a funnel: relative, one with another, as a DALET: the door mechanism allowing engagement- "dependent on"- hinged around- the Pin... The word "and". Supplemental- another different aspect

of...appendage- extension- that which allows the separated to join together... Masculine mankind- humanity- imagery- picturing the unpictured- a message in form- cryptic structure- coded architecture. Intelligent Link- conceptual...this Paleo form looks like a train car coupling device ready to grab the other, very similar to the YOD form of a grasping hand. DALET-HEI-UAW: "Choose the suggested alternative and become Connected"

**ז** ZAYIN...package of Seven- a notion of infinite possibilities made Finite- randomness given definition- "Specificity"...limited- set- cut off- isolated- not general- not just "anything" , it is planned, by design, intentionally, by ALEF... The One of Seven: exact...Special...pinnacle of type- perfect- fullness- peak of phase ( but not TET and not TAV )... Shin-Beit-Ayin= Seven = " to swear an Oath " = under the burden of punishment if disavowed...Weapon- put to the weapon- injured- ripped apart plowshare- dig the earth- opening device- "can opener" - allows entrance into the enclosure- siege work- battering ram- conflict at the gate- opposition- denial aggressively- enforcement...Warning...Urgent...Critical...Extreme Consideration...Guarded entrance...inaccessible except by permission... "seven times"... "by Oath" / breaking the Oath = Treachery = the key to opening the proverbial "can of whoop ass"... Like when Balaam threatened his donkey... key = MEM-PEI-TAV-CxET = the personal object which causes the enclosed, that which is "off- limits", to open as a mouth which is the "map" or the indication that covenant exists alive and well, in active force, moving back and forth... "Indexing" the ALEF-BEIT to the Miskan is the Key to the BRYT. The seventh day SHABBAT is the Key, opening device, ZAYIN to the CxET , which is otherwise locked, everything in there is off limits...( MEM-PEY-TAV-HEI : the HEI is open to see, rather than CxET which is behind the fence: means " seduced, enticed " by the PEI-TAV, the "piece" of bread by which the simpleton, by folly is persuaded to act without consideration, deceived by the wide open spaciousness, blind to the expounded meaning of engraved words at the temptation of TORAH-lessness / Anomio, thus incurring damages of the drawn sword ).

**א** UAW-ZAYIN-CxET pictures a Drawbridge-Moat-Castle. Perhaps a croc in the moat or a catapult to bash the wall is the ZAYIN, or the secret code to open the gate escaping the threat...( how many times did YHUH tell YSRAL that they must keep the SHABBAT ???) Matthew 7:21-23 ...lawless...iniquity...without regard for TORAH as instructed. SHOMAR...OSHAH...Matthew 13:47 ...19:17 ...23:34 ...23:39 ...28:20 ...SHEMA

**ח** CxET / CHET...fenced- sorted out- you need a ladder to get to it- inaccessible exclusive- "members only". (Written as "Cx" like the sound of a shovel being dragged across pavement). The grating, raspy, gravelly sound, notably Hebrew...separate. A Tomb, a Sepulcher is a place to bury the dead, but also an unusually low grotesque voice. Living inside is to be dead to the world outside the CxET....and death is to those outside, as with Noah's Ark...Life to those within CxET is the death of Death for ever...the Separated...the place or ideology which separates...letter #8 references new beginning- eternity symbol- a whole other world than the zone left outside- such as

immortality compared to being mortified...picture a playing field for some sport, this is the area where the game rules apply and points are scored in the context of engagement. The Betrothed. The pasture of the unified flock of YOD-HEI-UAWHEI... the One whose Name is stylized in color ( blue, purple, red, white linen, gold ) which is the embroidered gateway identifying this Kingdom, this Court, this Family...those enclosed by the "Big White Fence" of the MISHKAN: Fortress- Stronghold- Hightower- Prison...the captured ones...the watched over. Bastion of insurmountable height not accessed except by expressed permission. You've got to know the right person to get in, and be of this sort to do so : "Perfectly Undefined". Light / Not Dark...choosing Life / not Death. CxET-TET = sin, guilt, or to find favor, being disinfected...CxET-TET-BEIT= He who gathered firewood on SHABBAT was erased, struck out, unable to enter the embroidered sanctuary of the wheat...to make "neutral" , words of ZAYIN, is CxET-YOD-DALET = hid, a riddle, shut, closed , life lost.

Girded- Guarded- Coiling- "Pythonic"- around and around, spinning- a potter's wheel upon which a lump of clay is placed to be conformed to the image of the Potter's preference. Round as a wheel, those being formed week by week, year by year, steadfastly enduring, walking out the MOEDIM of the Kingdom : the appointed times to gather together : the True Belt of Truth, VAYQRA chapter 23 ( Leviticus ) ...CxET-GIMMEL-RESH : CxAGR = to gird on armor, appointed, restrain, to take refuge in the cleft of the rock- to observe and celebrate the festivals of the exalted MASHIACx ( the RESH man ) marching in a sacred procession- the utility belt of tools worn by an Officer...The image of a snail (modern form of the orthography) with pointy eyes and a coiled shell...a snake coils in defense and strikes with pointed fangs in offense...Shield and Sword...the Guardian within the gates will dispense with those entering CxET inappropriately: those who chose to enter, yet are rebellious: unwilling to bear the mark, unyielding to the Potter's conform, are Bound, tossed back out to their darkness...TET: a revolving door...no further progress on this field. Containing only the sound fruit of choice, those who choose not the sound of grumbling about it. Spun together, transliterated, graphically is letters AYIN plus TAV ( going astray, wandering misdirected, concerning the appointed times...now is the time to see the sign of the Covenant, the mark of a man who is of the BRYT...BRYT-AISH ).
