ALEF-CxET-DALET : ACxD : “Echad” : ▽𐤀𐤁

The Letters in sequence are a “riddle” of sorts... hidden... CxET-DALET : CxD. “hid”  
 ALEF as a prefix can be saying “I will...” as in “I will hide in this riddle”.  
 ALEF-CxET is “brother”... DALET is “Door”.  
 CxET is a fence, a compound, an exclusive area, protected from or kept away from.

The riddle is : “which brother of ours, fellow human, claimed to be the “Door” of access to the  
 ‘otherwise-off-limits’ Bastion-Empire of YOD-HEI-UAW-HEI ?”

The answer cannot vary from the testimony attested to by any of the 22 Letters.  
 What is the “voice of each Letter” ?  
 Not exactly “what does each Letter ‘mean’”... but, what concept does each represent.

The name of planet Earth is the Hebrew word pronounced “ARETz” : 𐤀𐤅𐤆 which was determind  
 by it’s Author - Architect - Artist ... who names himself 𐤅𐤆𐤇𐤀𐤁

The word for Earth means “I will run” as if to imply that the Human experience here is a gamut  
 course indicated by the 22 letters.

“In-between” each two sequential letters is an inferred transition, a morphing of one to the next...  
 “Meta”. Meta means change in place or condition.

How does the voice of the first Letter “become” the voice of the second Letter ?

What change happens to the state or status of the first voice in order to next speak as heard in the  
 second voice ?

A consideration of “Why does the Earth and the Universe and ‘me’ exist ?”

A pondering of “What did YAHUSHA ‘do’ while dead for 3 days and 3 nights ?”

What do the TANAK Writings tell us about “Re-Confederating the 12 Tribes of YSRAL”

These 44 statements compose the Phantom “Theory of Everything”...

and outline the purpose or accomplishments of YAHUSHA’s earthly expedition without placing  
 Doctrine or Religious Belief or Biased Understanding into the mix...

which is hardly possible.
